

Voyles Florist

Sympathy Design

All of the pictures in this book are our own work.
We take great pride in what we produce and understand the
importance of these tributes.

We use flowers at the peak of their beauty so they shine on the
day they are intended for.

Please use this as a guide rather than a catalogue.
Due to seasonal availability not all designs can be done as
shown so we request that you choose a design, size, colour
scheme and choice of edging where appropriate so we can
prepare your tribute using a selection of available flowers.

Specific flowers can be requested and we will endeavour to fulfil
these requests but in some cases where they need to be specially
ordered these may incur extra costs.

All sizes quoted are approximate
